

Group Exercise Class Cancellation Policy

The Fitness Center offers as many group exercise classes as possible with a number of qualified instructors. There will be times when a group exercise instructor may not be able to instruct a class given personal, or medical reasons. At these times, we will make every attempt to find another instructor to serve as a substitute for that class. There may be times when you may attend a class with a substitute instructor. At other times, however, an instructor may not be able to find a substitute and the class will be cancelled. Please understand we will make every effort to run a class but at times cancellations are unavoidable given certain unforeseen circumstances. In cases of cancellation, signs or notices will be posted in advance of the class. In addition, our social media sites (Facebook, Twitter, Instagram) will post an announcement about the cancellations of classes. Please feel free to call the Fitness Center the day of a class to check on availability.

Thank you!
